

# Rotary Encoders for Servo Motors

**A24HME1**

Rotary Encoder

2-6 mm diameter hollow shaft  
up to 250.000 output pulses per revolution

**A75M**

Open Type Rotary Encoder

open type modular encoder without bearings  
up to 25.000 output pulses per revolution

**A58HE1**

Rotary Encoder

6-15 mm shaft hole diameter  
up to 180.000 output pulses per revolution
